Hi Dan,

Attached are copies (relined and clean) of the revised VRA protocol.

Language related to the need for an EPA decision regarding a third-party disagreement was removed. The registrants (BASF, BAYER and SYNGENTA) agree that such language is not relevant for a protocol, and expect that similar language will appear in the Terms and Conditions of the registrations.

Please, let me know if you have questions.

Freundliche Grüße / Best regards,

George Sabbagh, Ph.D.
